**PETITION UNDER 37 C.F.R. § 1.182**

Mail Stop PETITION  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313

Dear Sir:

This petition under 37 C.F.R. § 1.182 is being filed in response to the Notice of Incomplete Nonprovisional Application issued for the above-specified application on October 24, 2003. A filing date was not granted as the application was deposited without drawings. The Notice also indicated that a newly executed oath or declaration covering the omitted items must be submitted.

Attached hereto is a Second Preliminary Amendment incorporating Figures 1A, 1B, 2A and 2B. Applicant respectfully petitions the that the omitted material contained in the prior application and submitted in the Second Preliminary Amendment filed concurrently herewith be

included in this continuation application, and that this application be accorded the filing date of **July 8, 2003**, the date of deposit of the continuation application. This request is based upon the incorporation by reference statement in Box 18 of the Utility Patent Application Transmittal that was filed with this new Continuation application. The drawings from the prior, parent application were inadvertently omitted when this continuation application was filed. Enclosed is a copy of Form PTO/SB/05 as filed with this continuation application with Box 18 checked.

Applicant respectfully traverses the requirement for a newly executed oath or declaration covering the inadvertently omitted drawings. The Declaration as filed with this application was newly signed for this application as the attorney of record had changed firms, however, in all other respects it was identical to the Declaration as filed for the parent of this application. A copy of the Declaration as filed for the parent application (U.S. Serial Number 10/185,388) is submitted herewith. As the figures submitted in the Second Preliminary Amendment are identical to those which were filed with the immediate parent, no new matter has been added and no new Declaration is required. . This request is also based upon the incorporation by reference statement in Box 18 of the Utility Patent Application Transmittal that was filed with this new Continuation application

In the event this petition is granted, Applicant further respectfully requests that both sheets of drawings be incorporated into the patent application and the file be sent to the Application Processing Division to revise the entry in the PALM system to reflect that this application has 2 sheets of drawings. MPEP § 605.04(g).

Filed concurrently with this Petition is a Response to the Notice of Incomplete Nonprovisional Application with the Second Preliminary Amendment containing the drawings, along with a new Change of Correspondence Address for this application.

The Petition Fee Under 1.17(h) in the amount of \$130.00 is attached. It is believed that no further fees are due. However, the Director is hereby authorized to debit Deposit Account No. 23-2426 of Winstead Sechrest & Minick P.C. if there are any further fees due under this paper.

Applicants respectfully request that Applicant's attorney be called at the below listed number if it is believed that such a discussion would be helpful in resolving any problems or questions.

Respectfully submitted,  
WINSTEAD SECHREST & MINICK P.C.
